### Miller Intro to Judaism Program

Inspire new traditions. Discover your community

In addition, we'll start with Aleph-Bet (Hebrew alphabet) and either teach you to read Hebrew or help you brush up on your Hebrew skills.

# Sukkah Hop Pics at Shapiro/Friedman's Home

Save the date of **January 13, 2019** for our **Torah Fund Study Day** at the American Jewish University! An exciting program is being planned and you won't want to miss it!

Our most recent Torah Fund special project, "She Plants a Seed for the Future," raised money for two specific projects, scholarships for the Ziegler Rabbinical Students so that they can spend the invaluable year of their studies in Israel and for a facelift for the aging Women's League Seminary Sanctuary at The Jewish Theological Seminary. These two seminaries give a big thank you to all the Sisterhoods and individuals who donated to this campaign. Your contributions were very much appreciated!

This year, all monies donated to Torah Fund go to the General Fund as there is no special project. Please give generously as your contributions help support all five seminaries: The Jewish Theological Seminary in New York, Ziegler School of Rabbinic Studies in Los Angeles, Seminario Rabbinico Latinoamericano in Buenos Aires, Argentina, Schechter Institutes in Jerusalem, Israel and Zacharias Frankel Rabbinical College in Potsdam, Germany. Our Torah Fund dollars help educate rabbis, cantors, educators, school and synagogue administrators, lay and professional leaders, social workers, scholars, researchers and more. The education of these students will ensure the future of the Jewish community throughout the world.

The theme for the 2018-2019 Torah Fund Campaign is "Atid-Future." The 5779 Torah Fund pin, shown above, envelops the Hebrew word for future (atid) with a stylized Magen David. It represents our wish for a distinctly Jewish future, for ourselves as individuals, our families, and our communities. Don't forget to wear our beautiful Torah Fund pin wherever you go.

B'Shalom,

# TBS Book Club Fall Selection

## **People of the Book: A Novel by Geraldine Brooks**

*People of the Book* is a fictionalized account of the history of the Sarajevo Haggadah, a real-life six hundred year old illuminated Hebrew manuscript. We wander with fictional characters through six hundred years and many hubs of Jewish history, tracing the journey of the Haggadah back to its origins. To write this book, Brooks researched in detail what is known about the history of Haggadah and the art of medieval bookmaking, but she was already accomplished and acclaimed at the art of historical fiction when she took on this fascinating subject.
